

ANTHONY W. LYNN

Software Engineer

HERNDON, VA 20171

anthonywlynn2002@gmail.com • [GitHub](#) • [LinkedIn](#)

FULL-STACK SOFTWARE ENGINEER

Creative and adaptive full-stack software engineer and game developer. Currently focused on full-stack development using TypeScript, React, and NoSQL technologies. Experienced in fast-paced, high collaborative environments using Agile methodologies.

SKILLS

TypeScript, React, Figma, Tailwind, Jira, GitHub, Postman, Jest

EXPERIENCE

Electric City Aquarium & Reptile Den – Front-End Software Engineer ([Site](#)) **2025 Jun - Aug 2025**

Remote

- Developed React components with Tailwind CSS and Typescript based on Figma mockups, delivering clean UI and smooth user experiences.
- Collaborated in a team of 7 software engineers using Git, Jira, and Agile methodologies; effectively delivering a product in less than 3 months.
- Created storybooks and unit tested with Vitest to ensure quality.

ColdStone Creamery – Assistant Manager

2021 May - Present

13027 Worldgate Dr, Herndon, VA 20170

- Manage store operations, train staff, and ensure customer satisfaction in a fast-paced environment.
- Build leadership, teamwork, and problem-solving skills transferable to collaborative software development.

SOFTWARE ENGINEER PROJECTS

News App – [GitHub](#) | [Site](#) | [Demo](#) March, 2025

Front-End news app using external API allowing users to search and save articles. (solo project)

- Developed a front-end news site using React and JavaScript within 4 weeks to enable users to search and save news articles.
- Designed responsive UI elements using HTML and CSS based on Figma mockups.
- Resulted in a clean and fully functional solo project demonstrating proficiency in API-driven front-end development.

Lovers Code Jamz – [GitHub](#) | [Site](#) | [Demo](#) February, 2025

Front-End app that finds the perfect date for valentines.

- Collaborated in a team of 4 to develop a front-end web application for a 5 day competition.
- Structured the user journey into three sections: playlist selection, restaurant discovery, and post-dinner activities, for a smooth and engaging experience.
- Received highest judge scores and won the TripleTen Code Jam for overall design and functionality.

EDUCATION

Full-Stack Software Engineering - TripleTen Coding Bootcamp

2024 May - 2025 April
